

Our best
quality
is our ability
to offer you
top quality

**FRUIT INGREDIENTS
FOR THE FOOD AND BEVERAGE INDUSTRY**

HIGH QUALITY IS ROOTED IN OUR LAND

We are located in Trentino-South Tyrol in the Dolomites, a masterpiece of Italian nature that has always been dedicated to apple cultivation. A land of practical, honest people who have made quality - of life, work and thought - their hallmark.

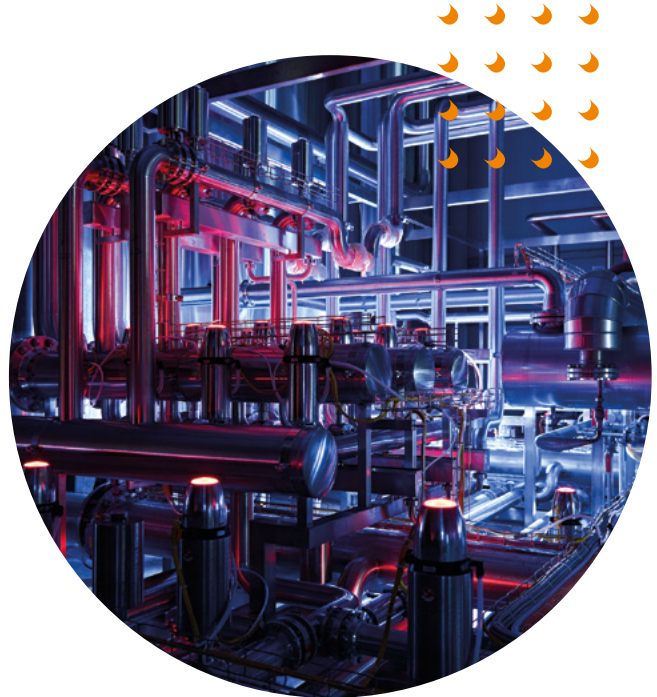

- Leading Italian region for quality of life and work
- 70% of the region covered by forests and pastures
- 300 days of sunshine a year
- The largest continuous apple cultivation area in Europe

LOCAL VALUES, GLOBAL PERFORMANCE

We are the largest apple processing company, boasting a unique plant that is the largest in Europe.

- Over 50 years of history
- 6,000 families of fruit growers
- 18 cooperatives
- 3 major producers' organisations
- 100,000 square meters headquarters
- 90% export

WE HANDLE EVERYTHING, FROM THE FIELD TO PROCESSING

We perfectly manage the entire production chain, guaranteeing continuous availability of the raw material for incomparable supply precision.

- 4,000 tonnes of fruit processed per day
- 100% traced origin

EXCELLENT, SAFE PRODUCTS THAT ARE ALSO DELICIOUS FOR BUSINESS

High-quality, traced-origin raw material, impeccable transformation processes and constant investment in research and development. For healthy, natural, 100% safe products.

- Continuous product analysis
- Exceptional safety standards
- Integrated production
- Zero residue
- Organic products

SAFETY IS THE COMMON THREAD THAT LINKS OUR WHOLE PRODUCTION CHAIN

From farmers to cooperatives, via the entire production process, to the final product: nothing escapes our control. The highest quality, hygiene and traceability requirements are guaranteed by the in-house laboratory, which performs continuous daily analysis, supervised by independent international organizations.

our range

CUSTOMIZED SOLUTIONS

We customize our recipes according to customer needs.

ORGANIC-ZERO RESIDUE

All products are also available as organic certified and/or from contract farming.

IT-BIO-013
Agriculture Italy

SINGLE-VARIETY

All products are also available in single-variety recipes.

SUSTAINABLE APPLE PRODUCTION

100 % traceable and sustainable raw material.

THE RAW MATERIAL. ALL THE FRUITS WE ENHANCE.

APPLES

Trentino-South Tyrol has perfect conditions for apple cultivation. It is home to the largest enclosed area in Europe for apple cultivation. The result is a rich harvest, a wide range of varieties and apples with a splendid colour and unique flavour.

PEARS KIWIS PEACHES APRICOTS CHERRIES

The quality of the raw materials is ensured by careful selection of varieties, cultivation areas, agronomic techniques and harvesting methods and times.

We have established strong relationships of deep trust with producers, who are able to guarantee freshness and quality that respect our very high standards.
